# GEOLOGY IN CHINA 2017(Vol.44)CONTENTS

## No.1

### In Focus

- Reservoir-forming pattern of “four-storey” hydrocarbon accumulation in Anchang syncline of northern Guizhou Province ..... ZHAI Gangyi, BAO Shujing, PANG Fei, et al.(1)
- Carboniferous-Permian petroleum conditions and exploration breakthrough in the Yingen-Ejin Basin ..... LU Jincui, ZHANG Hongan, NIU Yazhuo, et al.(13)

### Reviews

- Thinking on Chinese tectonics—Duty and responsibility of Chinese geologists ..... REN Jishun, ZHAO Lei, LI Chong, et al.(33)
- Paleozoic-early Jurassic tectonic evolution of North China Craton and its adjacent orogenic belts ..... ZHAO Yue, ZHAI Mingguo, CHEN Hong, et al.(44)

### Research Articles

- Geochemical characteristics and oil-gas potential analysis of source rock of Upper Permian Rejuechaka Formation in Laxionguo area, Qiangtang Basin ..... OUYANG Hui, YANG Wenguang, XIE Long, et al.(61)
- Research on the origin of lacustrine dolomitic reservoir in Jurassic Da'anhai Formation of Sichuan Basin ..... DENG Yan, HUANG Dong, MI Hong, et al.(75)
- Geological characteristics, rock-forming epoch and genesis of the Danizhuang Cu deposit in Luzong basin ..... WANG Jiqiang, SUN Weian, YUAN Feng, et al.(86)
- Zircon U-Pb dating and geochemistry of the syenogranite from the Bianjiadayuan Pb-Zn-Ag deposit of Inner Mongolia and its tectonic implications ..... GU Yuchao, CHEN Renyi, JIA Bin, et al.(101)
- Petrogenesis of granites in Shimensi in northwestern Jiangxi Province and its implications for tungsten deposits ..... PAN Dapeng, WANG Di, WANG Xiaolei(118)
- Genesis and geological implications of the Neoproterozoic A-type granite from the Lugu area, western Yangtze block ..... YAN Shengwu, BAI Xianzhou, WU Wenxiang, et al.(136)
- Zircon U-Pb geochronology, intraplate extensional environment and genesis of Mesozoic volcanic rocks in Zhenglan Banner area, Inner Mongolia ..... LIU Zhe, XUE Huaimin, CAO Guangyue(151)
- An analysis of the deformation characteristics of the Quele salt nappe in the western Kuqa foreland thrust belt ..... WANG Honghao, LI Jianghai, PAN Xiangru, et al.(177)

### Discoveries and Developments

- The discovery of the shale gas in the Cambrian Shuijingtuo Formation of Yichang area, Hubei Province ..... CHEN Xiaohong, WANG Chuanshang, LIU An, et al.(188)
- New findings of natural gas drilling in Ermahu depression of Wuwei basin, Gansu Province ..... Du Zhili, TIAN Ya, CHEN Yi(190)
- The first discovery of sauropod dinosaur tracks from the Jurassic strata in Shanxi Province ..... XU Shichao, XU Huan, WANG Suozhu, et al.(192)
- New discovery of terrestrial K-Pg boundary from Jiaolai Basin of Shandong Province ..... XU Kemin, KUANG Hongwei, QIN Jie, WANG Youping, et al.(194)
- Recent progress in the study of the Early Cretaceous dinosaur fauna from the Ordos region, Inner Mongolia ..... JI Shuan, LU Liwu, ZHANG Lifu, et al.(196)

### News and Highlights

- Chinese experts obtain oil through drilling in the granite of Bongor basin in Chad and win the International Award ..... (198)
- Iceland wants to obtain energy resources from underground magma chamber ..... (200)
- The initiative for International Cooperation Project of Mapping Chemical Earth for sustaining global resources and environments ..... (201)
- Focus on the resources and environment, start the International Karst Science Program ..... (203)

## No.2

### In Focus

- Late Mesozoic continental basin “red and black” coupling for sandstone uranium mineralization in northern China  
..... *JIN Ruoshi, CHENG Yinhang, LI Jianguo, et al.* (205)
- Deep prospecting breakthrough and genetic process of Luobusa chromitite in ophiolite of Tibet  
..... *ZHANG Qizhi, BA Dengzhu, XIONG Fahui, et al.* (224)

### Reviews

- Major achievements and future research directions of the coal geology in China  
..... *WANG Tong, SHAO Longyi, XIA Yucheng, et al.* (242)
- Progress of lithium prospecting in recent years and development trend in the world  
..... *LIU Lijun, WANG Denghong, LIU Xifang, et al.* (263)

### Research Articles

- Research on relationship of oil-gas and sandstone-type uranium mineralization of northern China  
..... *LIU Wusheng, ZHAO Xingqi, SHI Qingping, et al.* (279)
- Mineralization characteristics and ore genesis of the light rare earth deposit in Taiping Town, western Henan  
..... *LI Jinghui, CHEN Huakai, ZHANG Hongwei, et al.* (288)
- Ore geochemical characteristics and metallogenic epoch of typical graphite deposits in Jiamusi Massif, Heilongjiang Province  
..... *YANG Peiqi, LIU Jingdang, ZHANG Yanfei, et al.* (301)
- Mineralization-alteration zoning regularity and structural ore–controlling role in the Huize super–large sized Ge–Ag–rich Pb–Zn deposit, Yunnan Province ..... *LI Ziteng, HAN Runsheng, YAN Qingwen* (316)
- Geochemistry and geological significance of banded iron formations in Guyang greenstone belt, Inner Mongolia  
..... *NAN Jingbo, HUANG Hua, WANG Changle, et al.* (331)
- Zircon U– Pb dating and petrogenesis of the Early Jurassic rhyolite in Badagan area, northern Da Hinggan Mountains  
..... *LI Yan, WANG Jian, HAN Zhibin, et al.* (346)
- The discovery of the amphibolite in the Kalamaili ophiolitic mélangé formed in mid–oceanic ridge setting  
..... *HUANG Gang, NIU Guangzhi, WANG Xinglu, et al.* (358)
- Geochemical characteristics and intraplate extension of Late Devonian bimodal volcanic rocks in Chifeng area of Inner Mongolia  
..... *SUN Lixin, ZHANG Yun, LI Ying, et al.* (371)
- Geological mapping and ore– prospecting study using remote sensing technology in Jiajika area of Western Sichuan Province  
..... *DAI Jingjing, WANG Denghong, DAI Hongzhang, et al.* (389)

### Discoveries and Developments

- Mesoproterozoic mud volcanoes discovered in North Taihang Mountain: Preliminary results  
..... *SU Dechen, LI Chunwang, SUN Aiping, et al.* (399)
- Jurassic shale gas discovered at Qaiye–1 well on the northern margin of Qaidam Basin  
..... *GUO Tianxu, ZHOU Zhi, REN Shoumai* (401)
- Determination of marine–continental transitional facies shale gas: A case study of Baye No. 1 well in Badong area, western Hubei Province ..... *MENG Fanyang, CHEN Ke, BAO Shujing, et al.* (403)
- New find of seven basins and three oil and gas structural formations in the periphery of Erlian basin  
..... *ZHANG Yongsheng, PENG Yuan, SHI Lizhi, et al.* (405)
- New evidence of 2.0–1.8 Ga granitic genesis Tarim plate belonging to Colombia supercontinent  
..... *WANG Yong, WANG Bin, CHEN Bailin, et al.* (407)
- Discovery of Neoproterozoic gneissic granite from the Beishan area, Inner Mongolia: Zircon U– Pb chronologic evidence  
..... *NIU Wenchao, REN Bangfang, REN Yunwei, et al.* (409)

### News and Highlights

- Anthropocene dawn, Chinese geologists should be active ..... (411)
- The Beauty of Geology: Classical landforms selected as one of the best popular science books ..... (413)

**In Focus**

- Geological background and accumulation models of gas hydrate reservoir in northern South China Sea  
 ..... *SU Pibo, LIANG Jinqiang, FU Shaoying, et al.* (415)
- The style and hydrocarbon prospects of reefs in the Beikang Basin, southern South China Sea  
 ..... *YANG Zhen, ZHANG Guangxue, ZHANG Li, et al.* (428)

**Reviews**

- A review on gas hydrate developments propped by worldwide national projects  
 ..... *WANG Lifeng, FU Shaoying, LIANG Jinqiang, et al.* (439)
- The progress in the study of REE-rich deep-sea sediments  
 ..... *WANG Fenlian, HE Gaowen, YAO Huiqiang, et al.* (449)
- The progress in the study and survey of oceanic cobalt-rich crust resources  
 ..... *WEI Zhenquan, HE Gaowen, DENG Xiguang, et al.* (460)
- A further discussion on the abiogenetic petroleum origin hypothesis and the prospect of oil prospecting in China  
 ..... *YUAN Xuecheng, LIN Longdong, XU Lehong* (473)

**Research Articles**

- Sedimentary characteristics of transgressive fan delta of the 3rd Member of Eocene Liushagang Formation in eastern Wushi sag, Beibuwan Basin ..... *SUN Le, YU Xinghe, LI Shengli, et al.* (485)
- Organic geochemistry of Carboniferous-Permian sources rocks in Qiangtang Basin, Tibet  
 ..... *CHEN Wenbin, FU Xiugen, TAN Fuwen, et al.* (499)
- Zircon U-Pb dating of tuff bed from Luoyukou Formation in western Henan Province on the southern margin of the North China Craton and its stratigraphic attribution discussion ..... *LI Chengdong, ZHAO Ligang, CHANG Qingsong, et al.* (511)
- Zircon U-Pb geochronology, geochemistry and of the Alasimu gabbro in eastern section of East Kunlun Mountains and the closing time of Paleo-ocean basin ..... *ZHANG Yu, PEI Xianzhi, LI Ruibao, et al.* (526)
- Geochronological and geochemical characteristics of Qiansui quartz diorite-porphyrite in the Geza Arc, Yunnan Province, and constraints on diagenesis and mineralization ..... *LI Zhe, LI Wengchang, LIU Xuelong, et al.* (541)
- The Upper Paleozoic detrital zircon U- Pb geochronology in southwestern Ordos Basin and its tectonic significance  
 ..... *LUO Shunshu, PAN Zhiyuan, LÜ Qiqi, et al.* (556)
- Constraints from the zircon U- Pb dating on the formation age and composition of the Xinhudukou Group in northeastern Da Hinggan Mountains ..... *ZHAO Yuandong, XU Fengming, CHE Jiyang, et al.* (575)
